Mark,

You contacted the MOSA office on 3/08/2019 to request documentation from MOSA that the farm under your management, referred to as the Batty Farm is certified organic.

I am able to confirm that Field 15, indicated on the FSA map for Farm 11542 Tract 3256 as 78.4 was part of your organic production system in 2018 and remains eligible to produce an organic crop.

Please contact me at the MOSA office for any additional information
